

MATCHED FUNDING

1 July 20 –
30 June 21

In the wider community, we contribute to a number of charities that our employees care about, both through direct donations and by supporting employees who are involved in fundraising. We increased our funding levels in response to COVID-19, and also donated to state schools to fund virtual learning equipment. This equipment prevented disadvantaged students from falling behind with their learning.

Health

Friends of Murambinda Hospital
The Counselling Foundation
Teenage Cancer Trust
